

CAPE INDEPENDENCE PARTY
#VOTECAPEXIT 2024

Celebrating the Western Cape's Heritage

Dear Supporter,

The Cape bears witness to a history that spans centuries, grounded in the roots of the indigenous Khoi and San people, inspired and built by European voyagers and slaves from India, Ceylon, Batavia (modern-day Indonesia) and East Africa. The Atlantic Ocean to the west and the Indian Ocean to the east, served as the umbilical cords which still tie the Cape to the European and Asian societies which gave it birth in its modern form.

This week we would like to celebrate the Western Cape's unique heritage.

This heritage with its awe-inspiring landscapes, vibrant cities, towns and villages, typical Cape Dutch architecture, its historical landmarks, its rich tapestry of cultures and traditions like the annual Second New Year Kaapse Klopse festival celebrations, Cape Malay culture, traditional Cape Malay cuisine, the Province's diverse Cape Floral Kingdom, unique fishing and agricultural communities, its recognition as a top tourist destination, its "Rainbow Nation" people - a resilient people with a strong spirit of freedom, are all reasons for celebration.

The Cape Independence Party continues striving to return the Cape to its natural independence, to safeguard and promote this heritage for future generations.

We wish to thank all those who have volunteered getting involved actively, registered membership, volunteered to stand as candidates, submitted their signatures as per the new IEC requirements and have made donations to help share the financial burden, and would like to invite our supporters to take action via the buttons below.

With your support Cape independence will become a reality.

To our shared success and victory in 2024!
