# VOTERS GUIDE ELECTIONS 2024

Watch:

Dear Supporter,

As a result of the recent decision from the IEC to exclude the Cape Independence Party from the 2024 electoral ballot, we would like to provide our supporters with a guide to the parties that have made either a personal effort to contact us in regard to their intentions to share an alliance with us moving forward, and to whom their policies are more or less aligned with what we stand for.

As a party that sees Cape independence as more than simply providing a blank cheque to the status quo that currently governs us, we will provide a concise summary of our most important values and then those that share some of those values with us.

Your personal vote is your most important and cherished intention in your dreams and desires to change the unfortunate state in which we find ourselves.

As such, the Cape Independence Party has over the last 17 years held true to the following principles:

- 1) Cape Independence
- 2) Decentralisation
- 3) A free and open economy
- 4) Holding the DA to account
- 5) Protecting liberty in every respect
- 6) Putting the Cape and its people first (CEE)
- 7) Fighting injustice
- 8) All of the above and more, to ensure that our children and grandchildren grow up in an environment that protects them, and our progeny to live in freedom and

prosperity

Parties that share some of our values:

- RP: Cape Independence - but with a pro-DA government
- FF+: Self-determination/Cape independence, pro-MPC/national ambitions
- UIM: Pro-choice to a referendum on Cape independence, hold the DA to account
- ACDP: Anti-Lockdown, anti-mask, pro-freedom of choice
- ARA: Anti-Lockdown, pro-freedom of choice, confederalism
- IFP: Pro-Federalism and decentralisation
- ABC: KwaZulu Natal Independence
- NCC (formerly CCC): Pro-CEE
- PA: Pro-CEE

In spite of this temporary set back, we look forward to offering our voters the full package of political ideologies we stand for as we move forward towards the 2026 elections and beyond to ensure that Cape Independence is more than lip service to a concept, but rather a fundamental change in the political, economic and social environment we find ourselves in, not just in the Cape, but also South Africa, and in this broader global political climate of insanity.

We thank everyone for their dedication and support.

If you would like to join our organisation and assist with marketing, fundraising, campaigning and other important facets of bringing our vision for an independent Cape to reality, and to fixing the political, social and economic mess we find ourselves in, both in the Cape, and in the defunct state of the other parts of South Africa, please feel free to contact us at [cape@capeparty.com](mailto:cape@capeparty.com)

### **Cape Independence Party-CAPEXIT Thanks All Volunteers and Supporters**

We wish to thank all those who have volunteered getting involved actively with the Cape Independence Party's mission and vision, those who submitted their signatures as per the new IEC requirements and those who have registered membership, volunteered to stand as candidates, and selflessly made donations.

If you still wish to make a donation, please use the SUPPORT US button below. As little as R50 per month from members and supporters who believe in Cape independence, goes a long way towards sharing the financial burden which events, court cases, campaigns and the contesting of elections inevitably brings down upon us.

Please continue taking further action via the other buttons below as well.
